

Service Introduction

HangulTrip

Learn Hangul by train across Seoul

hangultrip.cloud

Learn like you travel, one station at a time

Twenty Seoul landmarks are twenty lessons. Finish one and the train leaves for the next station.

Unit 0

Incheon Airport

Unit 1

Gwanghwamun
Square

Unit 2

Yeouido Hangang Park

Unit 3

Hongdae

Unit 4

Gyeongbokgung

1

Start by reading Hangul at
Incheon Airport

2

At every landmark, the words you
would use there

3

Finish, and depart for the next
station

Who it is for

Kids to people in their 30s

No grades or terms — just region, city and station.

Fans of K-POP and Korean culture

Songs, streets, palaces and markets — learn in the Seoul you love.

India first

The app speaks Korean, English and Hindi.

A day on the trip

Arrive → one lesson → next station. Learners finish on their own.

1 Seoul train map

2 Arrival card · enter

3 Words → sentences → practice

4 Stamp pieces + landmark card

Every lesson has three stops

1

Words

See and hear new letters and words

2

Sentences

Sentences with meaning on every piece

3

Practice

Listen & choose · fill the blank · put in order

Three listening speeds — normal · slow · one syllable at a time
No red X. A gentle "Shall we look again?" and you simply choose again.

Hangul starts at the airport

Not in dictionary order — in the order that lets you read something from the very first screen.

ㅏ ㅣ ㅇ

아이

child

ㄱ ㅌ ㅡ

오이

Stamp pieces & landmark cards

Collected in a travel passport at every finished stop.

Today's postcard

Decorate a landmark postcard and share it — no name, face or age on it.

This week's attendance

Miss a day and lose nothing — so you come back.

Safe by design, for kids too

Under 18: no sign-in

Progress stays on the device and is never sent to a server.

No birthdate, face or name

Age is only "18 or older / under 18".

No paid luck

No gacha. Cards come only from what you do.

Written by people, graded by code

AI never invents questions or answers on the fly.

No real brands, singers or faces

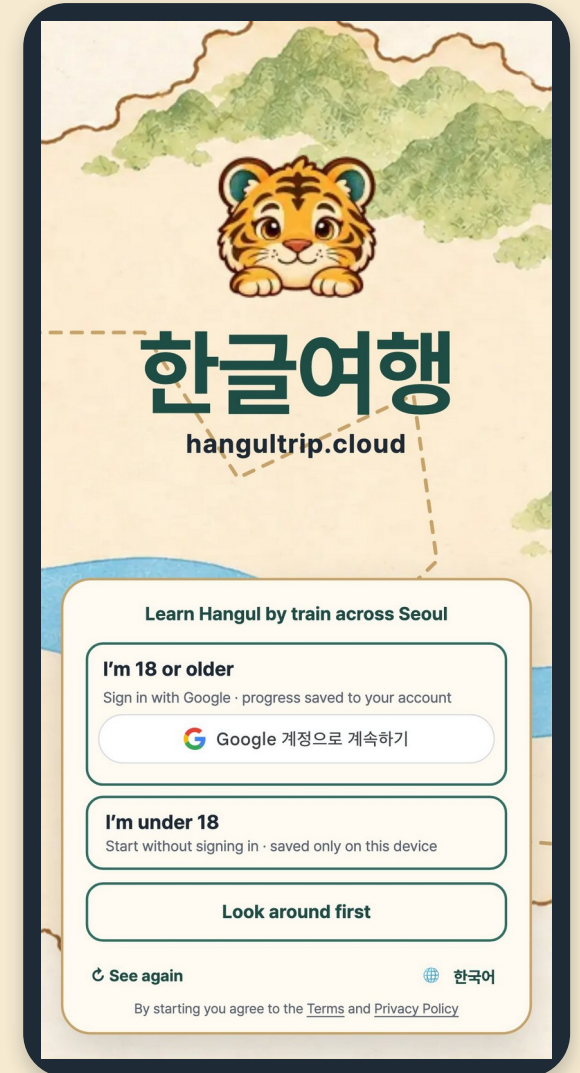

K-POP is drawn with light sticks and stage lights only.

Chosen on the very first screen —
"18 or older" ·
"under 18"

Light on any phone

- 1 Runs in the browser — no install · add to home screen like an app
- 2 Train controls tuned for phone, tablet and PC
- 3 Pre-recorded audio for every sentence
- 4 Interface: Korean · English · Hindi
